

# Process speakers UXinsight Festival 2025

The call for participation for UXinsight Festival 2025 is open! We've created a schedule for the upcoming months to ensure things run smoothly.

Make sure this schedule fits *your* schedule before you submit your proposal.

## Schedule October 2024 – April 2025

### 1. Call for participation (CFP) - October 1 – 14

Send in your proposal, including a video pitch

### 2. Peer reviews by speakers – October 15 – 22

To ensure a fair and thorough review process, we require everyone who submits a proposal to review two other proposals. You will receive the info on the two proposals by email and a link to a review form. At the end of this process, we'll share the feedback on your proposal by email.

### 3. Curation by UXinsight team – October 15 – December 13

The UXinsight curation team, a diverse team of UX research experts, evaluates the proposals and shapes the program. We'll inform you about the outcome as soon as possible, but not later than December 13. If your proposal is selected, we ask you to prepare a first draft of the talk.

4. **Create 1st draft of talk** – December 1 – January 15

You'll have time to create and send in your talk's first draft/outline. We'll schedule a (video)call to get to know each other, discuss your ideas, and outline (see coaching session 1).

5. **Coaching 1** – January 15 – 31

First coaching session – During a video call, we discuss your talk's first draft and give you feedback and tips.

6. **Prepare talk** – February 1 – 28

You'll have time to prepare your talk, create the presentation and complete your story. You'll send us this version to discuss during the second coaching session.

7. **Coaching 2** – March 3 – 14

Second coaching session – You'll present your talk during a video call. We discuss final adjustments or tips, if applicable.

8. **Final version** – March 14 – April 1 **(DEADLINE)**

You'll finalise your presentation (including notes, if you wish to have them) and send in the final slides. We'll use these slides (and notes) to create a new master file for the event.

9. **UXinsight Festival 2025, April 14-16**

You present live at the UXinsight Festival in the Netherlands. Your talk and live Q&A are recorded and shared with all attendees afterwards.

(Please be aware of possible time zone differences: the live program will likely occur between 10:00 and 17:30 CEST time zone)
